DIGITAL
LOBBY & VESTIBULE SCREENS

Our digital screens can display anything that can be played on a laptop, continuous loop videos, slideshow presentations, static images (such as a logo), etc.

• You will have access to at least one lobby and one vestibule screen. All lobby displays might be shared if there are two events.
• Please email these files to SVA Theatre at least two days before your event for testing, or bring them on a thumbdrive.
• Multiple images / videos should be delivered as a single slideshow (PPT) or playlist (.mov). We will be unable to package together multiple images or videos for playback.

MEDIA FORMAT:
• **Image File:** jpg, png, gif, etc.
• **Video or Motion Graphics*:** .mov, ProRes or H264 files, etc.
• **Slideshows*:** PowerPoint, Keynote, etc.
*Please program files to loop.

LOBBY SCREENS:
Horizontal / Landscape Format
Resolution: 1920 x 1080
• Located to the right of the bar
